

ENVIRONMENTAL POLICY

It is MBD Contracting Ltd's policy to operate its business as a responsible corporation committed to sound environmental management and with concern for the well-being of the environment. Our goal is to ensure that company facilities and operations are in compliance with all national and local environmental standards, having consideration for social and cultural interests whilst also contributing to the sustainability of the natural environment and its resources. MBD Contracting Ltd is committed to continually improving our environmental performance and to achieve this goal have adopted the following principles and work practices throughout its business operation.

- Ensure environmental risks are properly identified, prioritised and managed in an appropriate and timely way.
- Apply the '4 R' policy for the use of resources - *Reduce, Reuse, Recover and Recycle*.
- Establish sound environmental management policies and promote best practice.
- Manage operations in ways that are environmentally sustainable and economically feasible, by making efficient and environmentally responsible use of energy and water and identifying opportunities to maximise efficiency.
- Minimise environmental impacts and where practicable prevent or reduce pollution to the environment.
- Handle and dispose of wastes through safe, environmentally responsible methods
- Collaborate with key suppliers to promote environmentally responsible procurement of goods and services.
- Raise and maintain awareness amongst staff and promote individual good practice.
- Encourage MBD Contracting Ltd's business partners to strive for the same high levels of environmental performance.
- Review the impact on the environment during corporate planning and decision making.

Each MBD Contracting Ltd employee is expected to work toward these principles and is encouraged to advise their supervisor promptly of any situation that may be in conflict with this policy.
