

ENVIRONMENTAL POLICY

MBD Contracting promotes a positive culture that encourages sustainable innovations, whilst optimizing our services to improve our environmental performance and use of resources.

We are committed to:

- Operating our business to minimise short- and long-term impacts on the environment
- Reviewing impacts during business planning and decision making
- Always considering how to reduce, reuse, and recycle
- Respecting and caring for our environment including its fauna and flora
- Setting measurable goals and monitoring progress for improving our environmental performance to reduce our carbon emissions
- Collaborating with our key suppliers to promote responsible procurement of goods and services taking advantage of the latest technology for sustainability
- Working with communities to protect and enhance their local natural assets
- Promoting a positive culture to encourage and develop good environmental practices amongst workers
- Complying with all relevant legislation, consents, and regulations
